THE REPUBLICAN LOCAL TICKET. MEETING OF THE COMMITTEE OF THE REPUBLICAN COUNTY CONVENTION-POSTMASTER JAMES DE-CLINES TO BE A CANDIDATE-WISHES OF BUSI-NESS MEN AND INDEPENDENT GERMANS-NAMES

FOR THE COUNTY CONVENTION TO RATIFY. The committee appointed by the Republican County Convention to select the names of candidates for the various local offices to be voted for at the approaching election and to present them to the Convention for its approval, met yesterday at No. 1 West Twentyfourth-st. Postmaster James was asked to accept the nomination for M.yor, but declined, and William Dowd was then chosen. The other selections by the committee were: For Register, Jacob Hess; Recorder, Daniel G. Rollins; for Judge of the Superior Court, Horace Russell; for Justice of the Marine Court, Myer S. Isaacs, and for Aldermen-at-Large, Frderick Finck and Henry C. Poley.

SELECTIONS OF THE COMMITTEE.

There was a full attendance at the meeting of the Committee. Commissioner Joel W. Mason was chairman and Solon B. Smith was secretary. An informal discussion about the availability of certain men as candidates took place first. It was known that Lloyd Aspinwall had positively declined to allow his name to be used on the ticket. Finally Colonel Charles S. Spencer moved that Postmaster Thomas L. James be named as the Republican candidate for Mayor. This was carried by a vote of 17 to 4. Colonel Spencer, Sheridan Shook and Ernest Hall were appointed a committee to offer the nomination to Mr. James. The committee soon returned with Mr. James, who was greeted with applause when he entered the room. Mr. James then made a brief speech, in which he said :

brief speech, in which he said:

Mr. Chairman and Gentlemen of the Commutee:
For this new proof of your confidence and regard please:
necesting heartiest thanks. I have already been honored by the Republicans of New York far beyond my merits. If we certain that the toket to be nominated would result in deleat I would most gladly lead the fortion hone and be your standard beare in the conting contest. But victory is in the air, and, knowing as 1 do that the nominoes of your convention will be triumphantly elected, I am not able to make what would be to me a sacrifice. I gratefully decline the profered honor. The names that you have already agreed upon from more of the highest character and standing in the community, and I have no doubt that you will connet your labors and present a ticket worthy of the confidence and support of every elector in New York, and that the night of the 2d of November will show not only the election of Garfield and Arthur, but a redecimed and regenerated city.

While the committee was deliberating further a joint committee from the Business Men's Association and from the German-American Democratic Citizens' As-ociation called. The former organization was headed by Louis M. Doscher, J. C. Carey and William H. Morrell, and the Germans by Marand william R. Moren, and the the and his associates believed that the committee would do its best to give the independent citizens of New-York good candidates, it was hoped the head of the licket would be a Democrat, and a well-known

usiness man.

J. C. Carey said he was disgusted at the nominations made by the joint committees of Tammany and Irving Halls. For one he would not support them, fie expected to come into conflict with many of his Democratic friends, but nevertheles, would support any good man for Mayor named by the Republicans. Some of the German committee expublicans. Some of the German committee ex-pressed similar views. Chairman Mason said that it was due to the mem-

The committee that had before waited on Postmester James was appointed to wait on Mr. Dowd and offer him the nomination. After a short absence the committee returned with Mr. Dowd. He said that he had only been appressed a few hours previously that it was possible that his name might be presented to the committee, and he was therefore not prepared to say much. Should the report of the committee be accepted by the Republican County Convention, however, he would take great pleasure in accepting the nomination, and would give his views at more length in his letter of acceptance.

The committee then went on and agreed upon the remainder of the normations. For Register, Jacob Hess was named and accepted. Alderman John W. Jacobias was at one those a condidate for the nomination, but Mr. Hess made so good a run two years ago that it was decised better to select him. For Superior Count Judge the re was no opposition to Judge Herace Russell. For Recorder, Assistant District Attorney Daniel G. Rollins was chosen unnumously. For Judge of the Marine Court, Judge Myer S. Isaacs, recently appointed by dovernor Cornell to fill the vacancy caused by the feath of Judge Sinnott, was causen. For Aldermenat-Large, Frederick Fanck and Henry C. Perley were agreed upon. Both are members of the present Board of Aldermen. The committee will report these schections to the Rebublican County Convention, which has been cauted to meet to-day at 4 p. m., by the chairman, Commissioner Urich, at Republican Hail, in Thirty-taird-st., near Broadway.

BUSINESS MEN EAGER TO VOTE. To the Editor of The Tribune

Sin: It may be interesting for you to know how the truly conservative elements of the country seem to appreciate the present crisis. Well-to-da budness men, with first papers dated twenty and tolerty Less men, with fir t papers dated twenty and thirty years ago, who never cared to become full citizens or to vote, come only to this office to be naturalized, that they may assist in roting down the dangerous tendencies of the Domecratic party. Many or them are selfrange to the ways of the country of their long residence as a offer our cieres money for obtaining their lini; papers "quietly, and asying them so strong that no Democratic magnetor may take them away from them." oth sides a good study and a careful weighing, I have cinded to vote for James A. Garfield. My father was sound Democrat, but I know if he were living he would not only uphold me in voting for Garfield, but he would vote for him himself. I do not think the Democratic party can hide their record by putting Hancock in the field; because the people know that a vote for Hancock is a vote for the Democratic record, and that has been a very poor one. RIGHTS AND DUTIES IN THE CHURCH.

At the session yesterday of the House of Deputies of the Episcopal General Convention, Judge E. T. This was placed on the calendar. The Rev. Edwin E. The memorial from the last Diocesan Convention of Virginia, asking for the appointment of an assistant bushop for that diocese, was discussed, and the request was denied. A message was also received from the bishops. A GRIEVOUS NUISANCE.

To the Editor of The Tribune. Sir: The functions of government are to protect life and property. When the Legislature gave the right to use certain streets for an elevated railroad, present Lengue champions. did it give the right to use them for a railway yard in which to store cars and make up trains, making the hours of night and early morning a time of torture to those bying on the avenues? These people still have rights, and if our representatives in the City Government did and if our representatives in the City Overchaint and their duty these greedy corporations would be compelled to precide terminal facilities, and abate the worst nuisance, which is the storage of case-sometimes a half halfe of them on Thurd and Second-aves, sharting out light and air from stores and readences.
